

# Level 3 Diploma in Health & Social Care (Adults)

## Information Sheet

### Overview

The level 3 Diploma in Health & Social Care (Adult) is a vocational qualification which confirms that a candidate is competent to national standards both in underpinning knowledge and practice to senior carer/supervisory level. **It is an acceptable qualification for entry into nursing.**

### Entry qualifications

Candidates must have NVQ level 2 or equivalent or have appropriate experience in care up to senior care level.

### The Level 3 Diploma Programme

To achieve the full level 3 Diploma, learners must achieve a minimum of 58 credits, which must include 28 credits from the mandatory units in Group A and 30 credits from the optional units Group B and/or C to meet qualification combination rule. The programme is divided into classroom sessions covering knowledge units followed by workplace assessments for demonstration of competence units.

Level 3 is a vocational qualification candidates should ensure that they are experienced enough for the level. This will be discussed at interview.

### Assessment

You will be required to attend two weekend Saturday study days per month to cover the underpinning knowledge of care. To assess your underpinning knowledge, questions and or case study will be set by the centre tutor and assessed by him/her.

### Workplace assessment

You should be working in a care setting for at least two days per week. This should be with any adult or elderly client group. You will be observed by an assessor at your workplace in addition to meeting underpinning knowledge requirements.

### How much will Level 3 Diploma course cost?

Currently it is priced at £1595 plus awarding body registration fees. **We operate a pay as you learn system with an initial deposit of £500 and minimum £100 monthly payment.** If you are able to, you can pay all in one go.

### How long does it take to complete the course?

Level 3 Diploma is candidate led meaning that it depends on the progress made by the candidate. The course is programmed to be completed in 12 months.
